

DigiFolk

First Partners' Meeting & Training - Groningen

10-12 May 2023

The University of Groningen hosted the first face to face partners' meeting which was combined with training in the DigiFolk Methodology.

During the first day and half (partners' meeting) the coordinator presented the progress achieved in WP2 and partners discussed what is needed to complete the remaining deliverables of this work package namely the DigiFolk toolkit and Digifolk's e-platform where all project deliverables are eventually uploaded. The methodology team (University of Cyprus & Social Sciences University of Ankara) and the literature review team (University Belgrade & University of Groningen) worked on their respective deliverables: Methodology toolkit and Literature Review which are now available in their final draft form.

NEWSLETTER #2

Literature Review, Digifolk Methodology Toolkit Team creation

The partners discussed the upcoming work packages, WP3 on story collection and WP4 on story curation with the leaders of these work packages convening to decide concrete plans forward. The first step of WP3 is for each partner (city) to create their story labs, find the members of the story collection team who are going to be trained by the partners on DigiFolk's methodology to perform the field work.

The remainder of the meeting was spent on training the partners on the DigiFolk methodology. The training was performed by the methodology team.
